

TANG MUSI.

Speaker & Advisor

Accounting · Behavioural Finance · Digital Transformation

PROFILE

Tang Musi is a Chartered Accountant and advisor whose work sits at the intersection of finance, behaviour, and digital systems. He helps individuals, organisations, and institutions make clearer decisions in complex and changing environments.

With experience across professional services, executive leadership, and advisory work, his perspective goes beyond technical expertise to focus on how decisions are actually made under pressure, uncertainty, and real-world constraints.
